

**INTERNATIONAL SYSTEMS  
MANAGEMENT CORP**

14311 Autumn Crest Road • Boyds, MD 20841-4211 • 301-916-4540 • Fax 240-331-3091

**Position Title: USN Combat Systems Engineer**

Position supports the US Navy's Program Executive Office for Integrated Warfare Systems. The Combat Systems Engineer provides engineering support for Aegis Weapon System (AWS) and Ship Self Defense System (SSDS) computer program development.

Candidates should possess the following:

- Knowledge of systems engineering and software development principles for USN combat systems from concept to lifecycle support
- Ability to provide technical analysis of AWS and SSDS development and integration efforts
- Knowledge of command and control, sensor, and weapons systems and their interface designs
- Experience with computer program development metrics, analysis of proposed computer program changes, and development of risk mitigation plans
- Experience in leading IPT meetings and milestone design reviews
- Knowledge of DoD budget processes and Earned Value Management System (EVMS)

ISM Corp offers competitive salaries and a very comprehensive benefits package. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, or national origin.
